GIFTS OF HORUS

The chambers of the foregone deity of protection are open. With mystery, substituting and sticky symbols, enter the tombs and gaze into the **Gifts of Horus**.

Featuring random sticky multipliers, when the Eye of Horus lands on the reels, a multiplier of up to 100x will be applied and remain sticky on non-winning spins until a winning line appears. If Horus' eye lands on an already-sticky position, the two random multiplier values will be added together for potentially up to 999x wins!

Meanwhile, Substituting Wilds and mystery symbols also appear in the base game to tease and award even bigger line wins.

Three pyramid symbols will award 8 Free Spins, a bonus game in which gilded Scarabs can appear to award further Free Spins with no upper limit!

Get set to tear back the pages of time and unearth ancient treasures in Gifts of Horus.
