

# COLOSSEUM CLASH

Fight for supremacy with a range of fearsome features in Powered by OneTouch's **Colosseum Clash**, a 5x3, 20 payline bloodbath to reign victorious in Ancient Rome's most money-filled amphitheater!

The base game features incredible Gladiator Fights which contains Fighting Wilds! In this feature, Gladiators will grapple with Lions, with the outcome determining the following spin. Should the Gladiator win, he'll turn into a Sticky Wild for a respin. Each Gladiator win will raise the global multiplier by one.

If a new Gladiator emerges during the respin and is victorious like its predecessor, he will also lock in place and trigger a further respin. This process will continue until either the entire game is filled with Wilds or a Gladiator falls to its opponent.

By collecting four (4) or more Scatters, players will trigger the Free Spins game with the minimum four Scatters, delivering 15 Free Spins. Each additional Scatter awards a further five (5) Free Spins. The global multiplier will rise by one for each win and will not reset after a non-winning spin!

Earn the adoration of the senate and the ire of the mighty lions as the crowd bays you to glory in Powered by OneTouch's Colosseum Clash.
